Presented by Francie Anderson, Sr Director, Mary Kay

Sr.Sales Director, Mary Kay you just could not reach an understanding
with someone important to you?

Have you ever worked on a project with several people and felt
frustrated with the progress?

Have you wondered what the *secret formula* might be to sell an
idea or close a sale?

Well, there is a formula...and it is not a secret. It is simply that we
all hear and speak in a certain style...and it may be quite different
than others with whom we live, work or have as clients.

This workshop will help you learn your style and how to work with
other styles to create positive understanding and agreement.
